

Roderick Paige Fellowship

Application Form

Funding for 2022-2023 Academic Year

The Roderick Paige Fellowship was established to honor the service of Roderick Raynor "Rod" Paige, an Eli and Edythe Broad board governor. Dr. Paige received his master's (1962) and PhD (1970) in Physical Education from the IU School of Public Health—formerly known as Health, Physical Education & Recreation (HPER)—and later became the Secretary of Education with the United States Department of Education.

Because, as part of its mission, Indiana University is committed to diversity, special consideration will be given to underrepresented populations, including but not limited to financially challenged students and/or students with diverse cultural experiences. Applicants must be accepted into a SPH-B masters and/or doctoral program and plan to enroll in the following fall semester.
